# Mediport Placement

## Post-op Instructions

### 1. Dermabond® Dressing Care:

- OK to shower day of surgery.
- A film will slowly peel off the incision over several weeks. This is normal.
- It is OK to wash the wound with soap and water the day of surgery.
- The Physician who requested the Mediport placement can access immediately upon discharge from the operating room
- F/U with The Crawford Clinic at the request of the referring physician.
- The infusion center will address care of the Mediport once accessed.

### *Call The Crawford Clinic right away if:*

- You develop a fever over 101.5°F (38.5°C).
- You have redness, swelling, pain, or drainage from the incisions.
- You become dizzy and faint.
- You have chest pain.
- You have nausea and vomiting.
- You become short of breath.
- You have abdominal pain or swelling that gets worse.

### Call during office hours if:

- You have questions about the procedure or its result.
- You want to make another appointment.
- If you require more pain medication.
